Podsumowanie

I enable people to thrive in a change-driven world. I empower people to become more creative, experimental and resilient.

As a Certified Co-Active Coach™, I am passionate about opening my clients up to the life they truly want and desire. I have worked as a facilitator, and a coach for over 12 years. And I love it.

My clients leave with clarity and exciting new skills, which they immediately apply to their work, career and lives. With me, people bring ideas to life, expand their goals and stick to their plans.

Who are my clients?

Overwhelmingly they are people undergoing sticky transition of some sort.

Such as....

- trailing expat spouses who want to re-start their careers, make an impact, or find their footing
- young creative entrepreneurs who need to turn their dreams into business strategy
- artists and creative professionals who feel "blocked" or cannot find their niche.

Expect to explore new possibilities and perspectives while working with me, and turn uncertainty and hesitation into clear confident strokes of vibrant colours.
