Academic Direction

### **Bachelor of Science in Business Administration (Teach-Out)**

The BSc Business Administration programme, awarded by the University of London with academic direction provided by Royal Holloway, University of London, is globally recognised. It is designed to equip students with a comprehensive understanding of business operations and management practices, offering theoretical knowledge and practical skills, covering key areas such as marketing, finance, human resources, and strategic management.

The BSc in Business Administration is led by a team of experienced academics within the School of Business and Management. Now one of Royal Holloway's largest departments, the School prioritises original research in international business. The deep understanding of the following subject is reflected in its teaching of management studies. Our faculty members, who are experts in their respective fields, bring a wealth of knowledge and experience to the programme.

Students will explore the dynamics of the global business environment, develop critical thinking, and enhance their problem-solving abilities. The curriculum emphasises real-world applications, preparing graduates for a myriad of diverse career paths in business, management, and entrepreneurship. Moreover, the programme provides a solid foundation for those considering further study in business-related fields, instilling confidence in their future academic pursuits.
